

## NEW AT MAUMEE VALLEY GUIDANCE CENTER

### Home-Based Therapy

We are excited to offer a new program at MVGC called Home Based Therapy. Home Based Therapy is a structured, strength-based, collaborative, therapeutic relationship between a clinical team and a youth/adult and his/her family for the purpose of treating the client's behavioral health needs. Home Based Therapy works to enhance the family's present capacity to understand the client's needs and to support changes that promote healthy functioning where the client lives, learns, works and plays. Our Home Based Therapists are licensed therapists who can meet with the client at their school, home, office, and in the community to work on mental health symptoms and behavior. If you have any questions or want more information, please contact, Jasmine Torbet, LPCC-S, LICDC, Clinical Manager at Maumee Valley Guidance Center, 800-569-3980 x 2108
